Springbok Onshore Holdco Joint Venture Agreement

实验合成初始输入 | 按原用户与出现轮次约束恢复用途；原真实全文与版式未认证。

Project	Springbok
Document language	English
Form	Joint venture agreement
Real signed original	Not recovered

1. Parties and purpose

Party A and Party B establish an onshore holding company for the Springbok project. Names beyond the source title, registration details and the signed original are not available. The following English text is synthetic and carries no authentic signature.

2. Capital and governance

The parties subscribe for shares according to an agreed contribution schedule. Experimental structure: equal board nomination rights, annual budgets requiring approval, and joint consent for material asset disposals. Actual ownership percentages and capital are fields to be confirmed.

3. Transfers and information

A transfer to an outside party is subject to prior notice and a right of first refusal. The company provides periodic financial information to the shareholders. Transfer restrictions and permitted affiliates require specific agreement.

4. Default, deadlock and dispute

The parties first seek discussion of a deadlock and may refer unresolved issues to agreed advisers. Termination, valuation of an exiting interest, applicable law and forum remain incomplete fields. Signature blocks are blank.
