Monthly Financial Report — Sample A

实验合成初始输入 | 按原用户与出现轮次约束恢复用途；原真实全文与版式未认证。

Unit	CNY
Revenue	100000
Net profit	30000
Closing cash	80000

Period and basis

Experimental monthly financial statement, CNY. Independent source sample 1; not the actual original company data. All three statements reconcile and this file is not a service agreement.

Income statement

Revenue 100000; cost of sales 40000; operating expenses 30000; net profit 30000. No tax expense is assumed in this simplified simulation.

Balance sheet

Closing cash 80000; other assets 20000; total assets 100000; liabilities 20000; equity 80000; assets equal liabilities plus equity.

Cash flow

Opening cash 50000; operating net inflow 30000; investing cash flow 0; financing cash flow 0; closing cash 80000. Opening equity 50000 plus current profit 30000 equals closing equity.
